VENUE MOOD UPLIGHTING

LOVE LETTERS

CORPORATE & THEMED EVENTS

Introduction

Welcome to Dancefloor DJs & Events. My name is Matt, the owner and have over 10 years experience in weddings and events. Whatever the occasion, we offer a professional and talented DJ and Mobile Disco set-up with music to suit every taste. Based in Leicestershire, we can travel across the whole East Midlands to help you create a truly unforgettable event.

All our DJs have an excellent knowledge of all music types as well as invaluable experience across a range of events. You name the type of party, we can do it for you.

Our Mobile Discos can provide sound & lighting for up to 500 people! We have a range of additional equipment hire options from Venue Mood Uplighting, Starcloths, our stunning Black & White Dancefloor and more!

We are more than happy to meet for an informal chat before you book with us.

In the meantime have a browse through the brochure for a small selection of the services we offer.

Professional Wedding DJs

Your Wedding day is one of the most important days of your life so it's important that the entertainment provides the perfect backdrop. From the first dance right through till the end of the evening, on your special day the average wedding DJ just won't do!

At Dancefloor DJs & Events, we arrange a meeting in person to discuss your special day and how our lighting & sound systems can complement your wedding. Our close working relationship means that we can tailor our services to your requirements. Whatever your musical tastes, venue or setting, our disco hire is perfect for weddings & evening receptions.

All of our Wedding DJs offer a professional service at all times and will be dressed for the occasion in formal attire. Our equipment and technical systems will be set-up discreetly and in good time allowing us to be ready for when your guests arrive. We also offer an all day wedding package which is useful for venues without PA systems.

We have built a glowing reputation as the most sought after wedding DJs in Leicestershire & surrounding areas, so be sure to book us early in advance.

All Day Wedding DJ

If you're having your Wedding in a Marquee or somewhere where there's no built in PA system then the "All Day" package is the one for you.

The "All Day" Package includes the following:

- Early set up before you & your guests arrive
- Music during the ceremony for you to walk down the aisle to & during the register signing
- Background music of your choice during the drinks reception
- Background music of your choice during the wedding breakfast
- Microphones for the speeches
- Our White Wedding postbox
- Confetti Cannon for the First Dance
- And of course the evening disco

The "All Day" package can be tailored to suit your requirements. For instance if you need outdoor PA for the ceremony music or microphones for any readings you may be having then we can do that for you too.

If you have an idea then the chances are we've done it before, just ask! The DJ booth is available in White or Black so whatever suits your colour theme better then you can have it. As with all our events you'll get written confirmation of your booking.

Illuminated Letter Hire

We are pleased to announce we now have a stunning set of LED Light Up LOVE Letters to hire.

The LOVE Letters are perfect for weddings for the whole day including the ceremony, wedding breakfast and reception. They can be placed anywhere you wish such as maybe the entrance to your venue or next to the dancefloor in the evening the choice is yours. They stand 1m high and are manufactured using aluminum to ensure a stunning finish. The LOVE letters use a traditional fairground lamp, this diffused effect looks fantastic both day and night. Please note these are for indoor use only.

Venue Uplighting

Our LED Venue mood Uplighting service is suitable for a wide variety of events. Using modern LED. Lighting & Computer Controlled technology we are able to select any shade of any colour you may desire. Which can be used to paint your venue with light, thus creating the perfect atmosphere.

LED lighting this doesn't get hot so it's safe to use in marquees and around small children. Designed to complement your choice(s) of colour scheme at the touch of a button. Our Wedding Lighting service can transform your venue into one standard colour or a mixture. So if you was thinking of using this for your Wedding this would be ideal if you have a certain wedding colour theme.

We will install our venue lighting effect well before you are due to occupy your function site. If you choose to have the lighting on a static colour we can program the lights to slowly fade between the colours of your choice. This lighting is also perfect for use in a chillout room if your guests want to chat, relax and have a break from dancing.

Starlit LED Dance Floors

Our Amazing starlit LED dance floors are perfect for creating the ultimate party atmosphere! We are able to offer, black starlit LED dance floors and white starlit LED dance floors. Our starlit dance floors use a special locking system which ensures that pieces don't come loose during use. The floors are all able to withstand being jumped up and down on by even the largest of guests as well as bottles / glasses being dropped on them.

The design of the starlit floors allows them to be laid in both a square and rectangular shape. This makes them perfect to use as a cat walk for a fashion show or as a walkway for a civil ceremony or awards night. The starlit dance floors have hundreds of LED's built into them which allow it to produce a twinkling effect.

You can choose the speed at which the lights on the dance floor change using a very simple remote control. Because the floor uses LED's it requires a minimal amount of electricity and so is suitable for both marquees and traditional wedding venues, we simply require one 13amp plug socket and a flat surface.

Our fully trained and uniformed staff will deliver, set up and remove the dancefloor away afterwards so you don't have to worry about a thing. During installation we will also fit polished aluminium edging so that your guests can step on and off with ease (it is the same height as a traditional wooden dance floor). The starlit LED dance floor is available in a number of different sizes.

Black and White Dance Floors

Our Black and White Dance Floor is ideal to hire for wedding receptions, civil ceremonies, corporate events, Asian wedding receptions and general parties. It is suitable to use in pretty much every venue including hotels, marquees, barns etc.

Due to the design of the dance floor it can be arranged into both a square and rectangular shape. All of our black and white dance floors are cleaned before and after every use and as a result look spectacular, we update our stock on a regular basis and so you can be sure that the dance floor you book will be clean.

We are happy to install the dance floor at a time to suit you be that in the morning or just before it is required. The dancefloor uses a special locking system, meaning we can assemble the whole floor in under an hour!.

The Black and White Dance floor is available in numerous sizes, here are some of the most popular however. If you require a bigger dance floor, this can also be arranged, simply call the office for a quote.

Our fully trained and uniformed staff will deliver, set up and remove the dance floor away afterwards so you don't have to worry about a thing. They will also fit polished aluminium edging so that your guests can easily get onto and off the dance floor.

White Postbox

Post Boxes have become an exceptionally popular item to hire for our wedding clients in Leicester. With more and more bride and grooms receiving cards as opposed to presents on their big day what better place to put the cards than in a post box, we can even personalise the post box with the bride and grooms name on it as well as the wedding date etc.

For security the post boxes are locked with a key, which we will give to you when you take delivery or collect the post box. Our Royal Mail post boxes can be personalised in advance for your wedding, many clients choose to include their names, venue, date and a short message which we print, laminate and

Confetti Cannons

What's a better way to get the party started than with an explosion of confetti over the whole dance floor!

Hand throwing confetti is boring. To really celebrate you need a confetti cannon that will fill the air with a giant cloud of confetti perfect for the First Dance at a wedding.

At Dancefloor DJs & Events we can provide you with even more fun by throwing in an extra party favour — confetti canons. Confetti and streamer launchers are a safe way to create pyrotechnic special effects without the needs of regulations and an outdoor area. If you like the look of fireworks, confetti cannons will give you just that effect except at a lower cost and a much safer experience you can do indoors.

Confetti cannons are also a popular way to set off a surprise party, or to end off an amazing evening or special dance. Launch showers of streamers and confetti that will be burst into mid-air during a birthday party, wedding, prom, or even an exciting anniversary party!

Name Projection

Put your name in lights! To give your event a personalized touch and an instant “wow” factor, a gobo name projection is the perfect party add-on. A gobo projector will project your names, wedding date, special message, company logo, artwork, or anything else you wish in lights.

Imagine guests entering your party and seeing your initials displayed in bright light in the center of the dance floor. Or even having your company logo blown up on the wall — what a perfect way to greet your guests in style!

Keep in mind that gobo name projections aren't just for wedding and corporate events, we can also show small quotes on the wall such as “Happy Birthday” or “Merry Christmas”, depending on what you like. It's your party, so the choice is yours and you even get to keep the gobo after your event.

Dancefloor DJs and Events let you decide what goes where and how, we just haul the equipment and get your party set up just the way you like it.

Corporate Events & Themed Nights

Who says a company party has to be boring? At Dancefloor DJs and Events. We've been in the business of getting people dancing for over 10 years!

Throwing a major party for your employees and clients is a great way to build business relationships, morale, or to thank your customers. Dancefloor DJs & Events knows how to get the party started and work the room with our extensive experience in doing corporate events, company outings, and holiday parties for businesses large and small since 2004.

Our fun and exciting party add-ons like themed events, dancefloors and LED uplighting really spice up the party your colleagues can't wait to attend! With our affordable rates, you can easily create a memorable experience the whole company will be talking about.

Dancefloor DJs and Events is everywhere and will travel all over the East Midlands including Leicestershire, Nottinghamshire, Derbyshire and Warwickshire.

We have got the party pumping at some of the biggest companies on the block and are growing our long list of clientele every day of the week. Some of the various companies we have provided our professional DJ services to are Britvic Drinks, Marks and Spencer's, Vue Cinemas, Walkers Crisps, Leicester College, Leicester University, and many more!

What our customers say

Matt was a phenomenal wedding DJ. First class sound system and light show, very professional and most important flexible. Listened to what we wanted and delivered an awesome show encompassing a great mix of genres. It was so much fun. Thank you.

Joe Knowles – Exton Park – July 2016

These guys did my wedding at Belvoir castle last night. The DJ was absolutely AMAZING! Matt was great. He played everything we asked him to, he avoided everything we asked him to. He was a pleasure to deal with, easy to communicate with, quick responses to emails and questions. Highly highly recommend! Absolutely fantastic service from dance floor dis and it just made the evening great. Thank you.

Liz Squires – Belvoir Castle – September 2016

Matt was fantastic from start to end, we could not of asked for a better DJ for our wedding. He helped us with are playlist and picked amazing songs to keep all ages on the dance floor. Everything looked amazing from the dance floor which looked like new and well cared for to the lights and set up. I would not hesitate to book Matt again for any other events we may plan Thank you Matt and many thanks.

Sian and Mark Robinson.
